for the Testing Laboratory No. **1007.4**  
Testing Laboratory of Physical Properties of Materials, Structures and Buildings - Prague

Scope of accreditation:

Testing of thermal-technical, acoustic, chemical-physical and fire-technical properties of materials, structures and buildings and assessment of properties of building products to the extent as specified in the appendix to this Certificate.

This Certificate of Accreditation is a proof of accreditation issued on the basis of assessment of fulfillment of the accreditation criteria in accordance with

**ČSN EN ISO/IEC 17025:2018**

In its activities performed within the scope and for the period of validity of this Certificate, the abovementioned Accredited Body is entitled to refer to this Certificate, provided that the accreditation is not suspended and the Accredited Body meets the specified accreditation requirements in accordance with the relevant regulations applicable to the activity of an accredited conformity assessment body.

This Certificate of Accreditation replaces, to the full extent, Certificate No.: 300/2024 of 25/06/2024, and/or any administrative acts building upon it.

The Certificate of Accreditation is valid until: **02/07/2030**

Prague: 02/07/2025
