- 1) An asterisk next to the ordinal number indicates, that within the scope of accreditation, the Certification Body is allowed to continuously include new / current / revised technical regulations, which are specified in the conformity assessment procedure, against which the conformity with the essential requirements is assessed. The precondition is that the product area, regulations and conformity assessment procedure must not change.
- 2) The current list of standards/normative documents is available at the Certification Body in printed form from the Certification Body Assistant Managers, and in electronic form on the STAVCERT server.
