¹⁾ Asterisk at the ordinal number identifies that within the scope of accreditation, the certification body is allowed to include new/updated/revised normative documents from time to time. Current list of activities based on the flexible scope of accreditation is available from the Certification Body from the Certification Body Manager

Processes, services

Ordinal number ¹⁾	Process/service name	Certification scheme	Specification of standards (normative documents)
2.	Welding process for:		
	Casting of steel and relating work		ČSN EN ISO 3834-2:2022
	Casting of light metals and relating work		ČSN EN ISO 3834-3:2022
	Casting of other non-ferrous metals and relating work		ČSN EN ISO 3834-4:2022
ČSN EN ISO 14554-1:2014

Ordinal number ¹⁾	Process/service name	Certification scheme	Specification of standards (normative documents)
	Metal structures and parts of structures; industrial services and manufacture	ČSN EN ISO 14554-2:2014	
	Prefabricated metal products; industrial services and manufacture		
	Metal tanks, reservoirs and containers; industrial services and manufacture		
	Central heating radiators and boilers; industrial services and manufacture		
	Steam boilers (except central heating hot water boilers) and auxiliary equipment, condensers, nuclear reactors; industrial services and manufacture		
	Tools; industrial services and manufacture		
	Steel drums and similar containers (with capacity 300 l or less); industrial services and manufacture		
	Light metal packaging; manufacture		
	Fasteners, chains and springs; manufacture		
	Other fabricated metal products n.e.c.; industrial services and manufacture		
3.	Welding process for:		
	Engines and turbines, except aircraft, vehicle and cycle engines, their parts; industrial services and manufacture		
	Pumps and compressors, their parts; industrial services and manufacture		
	Taps and valves, their parts; industrial services and manufacture		
	Lifting and handling equipment, its parts; industrial services and manufacture		
	Non-domestic cooling and ventilation equipment, its parts; industrial services and manufacture		
	Other general purpose machinery n.e.c., their parts; industrial services and manufacture		
	Agricultural and forestry tractors, their parts; industrial services and manufacture		
	Other machine tools n.e.c.; industrial services and manufacture		
	Machines for metallurgy, their parts; industrial services and manufacture		
	Machines for mining, quarrying and construction, their parts; industrial services and manufacture		
	Machines for food, beverage and tobacco processing, their parts; industrial services and manufacture

Ordinal number ¹⁾	Process/service name	Certification scheme	Specification of standards (normative documents)
	Machines for textile, apparel and leather production, their parts; industrial services and manufacture		
	Machines and devices for paper, cardboard and paperboard production, their parts; industrial services and manufacture		
	Other special purpose machines n.e.c., their parts; industrial services and manufacture		
4.	Welding process for:		
	Motor vehicles (except motorcycles) and their engines; installation and assembly	ČSN EN ISO 3834-2:2022 ČSN EN ISO 3834-3:2022	
	Bodies (coachwork) for motor vehicles; trailers and semi-trailers, their parts	ČSN EN ISO 3834-4:2022 ČSN EN ISO 14554-1:2014	
	Ships and boats; repairing and maintenance	ČSN EN ISO 14554-2:2014	
	Pleasure and sporting boats; repairing and maintenance	ČSN EN 15085-2:2021*	
	Railway and tramway locomotives and rolling stock, parts; repairing and maintenance		
	Aircraft and spacecraft, parts; industrial services and manufacture		
	Motorcycles, their parts, manufacture		
	Bicycles, their parts; manufacture		
	Invalid carriages, their parts; repairing and maintenance, manufacture		
	Other transport equipment, repairing and maintenance, manufacture		
5.	Welding process for:		
	Games and toys; industrial services and manufacture	ČSN EN ISO 3834-2:2022 ČSN EN ISO 3834-3:2022	
	Other manufacturing n.e.c.	ČSN EN ISO 3834-4:2022 ČSN EN ISO 14554-1:2014 ČSN EN ISO 14554-2:2014	
6.	Welding process for:		
	Distribution and trade of gaseous fuels through mains	ČSN EN ISO 3834-2:2022 ČSN EN ISO 3834-3:2022 ČSN EN ISO 3834-4:2022 ČSN EN ISO 14554-1:2014 ČSN EN ISO 14554-2:2014 ČSN EN 12732+A1:2014	
7.	Welding process for:		
	General construction of buildings and civil engineering works	ČSN EN ISO 3834-2:2022 ČSN EN ISO 3834-3:2022	
	Erection of roof covering and frames	ČSN EN ISO 3834-4:2022	
	Construction of motorways, roads, airfields and	ČSN EN ISO 14554-1:2014
